### 2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200:

GHS Hazard Symbols:

**GHS Classification:** 

| Skin Corrosion/Irritation Category 2   |
|--|
| Serious Eye Damage/Eye Irritation Category 2B                                    |
| Germ Cell Mutagenicity Category 1B   |
| Carcinogenicity Category 1A  |
| Reproductive Toxicity Category 2   |
| Specific Target Organ Systemic Toxicity (STOT) - Repeated Exposure<br>Category 1 |
| Specific Target Organ Systemic Toxicity (STOT) - Single Exposure Category<br>1   |
| Specific Target Organ Systemic Toxicity (STOT) - Single Exposure Category        |

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136

**Revision Date:** 12-11-2020 **Replaces:** 07-14-2020

|                                   | 3   |
|-----------------------------------|---|
|                                   | Specific Target Organ Systemic Toxicity (STOT) - Single Exposure Category 3   |
|                                   | Hazardous to the aquatic environment - Acute Category 1   |
|                                   | Hazardous to the aquatic environment - Chronic Category 1   |
| Signal Word:                      | Danger  |
| Hazard Statements:                | Causes skin and eye irritation; May cause genetic defects; May cause<br>cancer.; Suspected of damaging fertility or the unborn child.; Causes<br>damage to organs; Causes damage to organs through prolonged or<br>repeated exposure; Very toxic to aquatic life; Very toxic to aquatic life<br>with long lasting effects   |
| Precautionary Statements:         |   |
| Prevention:                       | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe dust/fume/gas/mist/vapors/spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection.  |
| Response:                         | If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with<br>water for several minutes. Remove contact lenses, if present and easy to<br>do. Continue rinsing. If exposed: Call a poison center/doctor/ If exposed<br>or concerned: Get medical advice/attention. Get medical<br>advice/attention if you feel unwell. Specific treatment (see Sections 4 - 8<br>of Safety Data Sheet). If skin irritation occurs: Get medical<br>advice/attention. If eye irritation persists: Get medical advice/attention.<br>Take off contaminated clothing and wash it before reuse. Collect spillage. |
| Storage:                          | Store locked up.  |
| Disposal:                         | Dispose of contents/container in accordance with local/regional/national/international regulations.   |
| Hazards not otherwise classified: | Repeated exposure may cause skin dryness or cracking.<br>Flammable vapors can accumulate in head space of closed systems.   |

| 3. Composition/information on ingredients               |                   |            |         |  |

| Benzene   | No data available | 71-43-2    | 0.1 - 1 |
| Biphenyl  | No data available | 92-52-4    | 0.1 - 1 |

One or more hazardous ingredient(s) is claimed as a trade secret under the OSHA Hazard Communication Standard. The hazards of this (these) ingredient(s) are given on this SDS.

#### 4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

| Inhalation:   | Remove to fresh air. If breathing is difficult, have a trained individual administer oxygen. If not breathing, give artificial respiration and have a trained individual administer oxygen. Get medical attention immediately. |
|---------------|--|
| Eye Contact:  | If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.                                     |
| Skin Contact: | If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.   |
| Ingestion:    | Seek medical attention immediately or call the Poison control center. Do not induce vomiting. If patient is fully conscious, give up to two glasses of water. Provide medical care provider with this SDS.                     |

### Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136

**Revision Date:** 12-11-2020 **Replaces:** 07-14-2020

| Most important symptoms/effects, acute and delayed:   | Causes skin and eye irritation Causes damage to organs. Causes damage to organs through prolonged or repeated exposure.  |
|---|--|
| Indication of immediate medical<br>attention and special treatment<br>needed, if necessary: | Specific treatment (see Sections 4 - 8 of Safety Data Sheet). If exposed or concerned: Get medical advice/attention. If exposed: Call a poison center/doctor/ Get medical advice/attention if you feel unwell. |

### 5. Fire-fighting measures

### Suitable (and unsuitable) extinguishing media:

| Suitable extinguishing media:                                   | Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do not direct a stream of water into the hot burning liquid. |
|---|---|
| Unsuitable extinguishing media:                                 | No data available   |
| Specific hazards arising from the chemical:                     | Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.  |
| Hazardous combustion products:                                  | Carbon dioxide, Carbon monoxide   |
| Special protective equipment and precautions for fire-fighters: | Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment. Use methods for the surrounding fire.   |

#### 6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures: | Avoid release to the environment. |
|--|-----------------------------------|
| Methods and materials for containment and cleaning up:               | Collect spillage.                 |
| 7. Handling and storage  |                                   |

| Precautions for safe handling:   | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. |
|--|---|
| Conditions for safe storage, including<br>any incompatibilities:<br>Safe storage conditions: | Store locked up.  |

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136 Revision Date: 12-11-2020 Replaces: 07-14-2020

Materials to Avoid/Chemical Incompatibility:

Strong oxidizing agents

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available:

| Chemical component   | OSHA PEL  | ACGIH TLV  | ACGIH STEL    | IDLH              |
|--|---|--|---------------|-------------------|
| Petroleum distillates,<br>hydrotreated heavy<br>paraffinic | 5 mg/m3 TWA   | 5 mg/m3 TWA  | 10 mg/m3 STEL | No data available |
| Kerosene   | No PEL  | 200 mg/m3 TWA<br>(application<br>restricted to<br>conditions in which<br>there are negligible<br>aerosol exposures,<br>total hydrocarbon<br>vapor, listed under<br>Kerosene/Jet fuels) | No STEL       | No data available |
| Kerosine, petroleum,<br>hydrodesulfurized                  | No PEL  | 200 mg/m3 TWA<br>(application<br>restricted to<br>conditions in which<br>there are negligible<br>aerosol exposures,<br>total hydrocarbon<br>vapor, listed under<br>Kerosene/Jet fuels) | No STEL       | No data available |
| Naphthalene  | 10 ppm TWA; 50<br>mg/m3 TWA   | 10 ppm TWA   | No STEL       | 250 ppm IDLH      |
| Toluene  | 200 ppm TWA   | 20 ppm TWA   | No STEL       | 500 ppm IDLH      |
| Benzene  | 10 ppm TWA<br>(applies to industry<br>segments exempt<br>from the benzene<br>standard at 29 CFR<br>1910.1028); 1 ppm<br>TWA | 0.5 ppm TWA  | 2.5 ppm STEL  | 500 ppm IDLH      |
| Ethylbenzene   | 100 ppm TWA; 435  | 20 ppm TWA   | No STEL       | 800 ppm IDLH (10% |

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136 Revision Date: 12-11-2020 Replaces: 07-14-2020

|  | mg/m3 TWA                   |  |                      | LEL)           |  |
|--|-----------------------------|--|----------------------|----------------|--|
| Biphenyl   | 0.2 ppm TWA; 1              | 0.2 ppm TWA  | No STEL              | 100 mg/m3 IDLH |  |
|  | mg/m3 TWA                   |  |                      |                |  |
| Appropriate engineering controls:  |                             | Local exhaust ventilation or other engineering controls are normally required when handling or using this product to avoid overexposure.   |                      |                |  |
| Individual protection measu  | res, such as personal       | protective equipment   | :                    |                |  |
| <b>Respiratory Protection:</b>   | Do not                      | breathe dust/fume/ga   | s/mist/vapors/spray. |                |  |
| Respirator Type(s):  | NIOSH,<br>progra<br>require | If airborne concentrations are above the applicable exposure limits, use NIOSH/MSHA approved respiratory protection. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator's use. |                      |                |  |
| Eye protection:  |                             | Wear chemically resistant safety glasses with side shields when handling this product. Do not wear contact lenses.   |                      |                |  |
| Skin protection:   | replace<br>hands            | Wear protective gloves. Inspect gloves for chemical break-through and<br>replace at regular intervals. Clean protective equipment regularly. Wash<br>hands and other exposed areas with mild soap and water before eating,<br>drinking, and when leaving work.                                 |                      |                |  |
| Gloves:  | Neopre                      | Neoprene, Nitrile  |                      |                |  |
| General hygiene conditions: Do not eat, drink or smoke when using th thoroughly after handling. Wear protective clothing/eye protection/face protection. |                             | ear protective gloves/   |                      |                |  |

### 9. Physical and chemical properties

Appearance (physical state, color etc.):

| Physical state:                         | Liquid            |
|---|-------------------|
| Color:                                  | Blue              |
| Odor:                                   | Mild              |
| Odor Threshold:                         | Not determined    |
| pH:                                     | No data available |
| Melting point/freezing point:           |                   |
| Melting Point:                          | No data available |
| Freezing point:                         | No data available |
| Initial boiling point and boiling range | No data available |

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136 Revision Date: 12-11-2020 Replaces: 07-14-2020

| (°C):   |                          |
|---|--------------------------|
| Flash Point (°C):                             | 165                      |
| Evaporation Rate:                             | No data available        |
| Flammability (solid, gas):                    | No data available        |
| Upper/lower flammability or explosive limits: |                          |
| Upper flammability or explosive limits:       | Not established          |
| Lower flammability or explosive limits:       | Not established          |
| Vapor pressure:                               | = 10 - 210 MMHG > 3 MMHG |
| Vapor density:                                | No data available        |
| Relative density:                             | 0.86                     |
| Solubility(ies):                              | Negligible; 0-1%         |
| Partition coefficient: n-octanol/water:       | No data available        |
| Auto-ignition temperature:                    | No data available        |
| Decomposition Temperature:                    | Not determined           |
| Viscosity:                                    | 30.07                    |

### 10. Stability and reactivity

| Reactivity:  | There are no known reactivity hazards associated with this product.  |
|--|--|
| Chemical stability:  | Stable under normal conditions.  |
| Possibility of hazardous reactions:                                | None expected under standard conditions of storage.  |
| Conditions to avoid (e.g., static discharge, shock, or vibration): | Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition. Moisture (will lead to product performance degradation). |
| Incompatible materials:  | Strong oxidizing agents  |
| Hazardous decomposition products:                                  | Carbon monoxide, carbon dioxide.   |

#### 11. Toxicological information

Description of the various toxicological (health) effects and the available data used to identify those effects:

Information on the likely routes of exposure (inhalation, ingestion, skin

Inhalation, Ingestion, Skin contact, Eye contact

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL

Stock Number: MAG60136 Revision Date: 12-11-2020 Replaces: 07-14-2020

| and eye contact):   |   |
|---|---|
| Symptoms related to the physical,<br>chemical and toxicological<br>characteristics: | Causes skin and eye irritation Causes damage to organs. Causes damage to organs through prolonged or repeated exposure.   |
| Delayed and immediate effects and also ch   | ronic effects from short- and long-term exposure:   |
| Ingestion:  | No hazard in normal industrial use. Estimated to be > 5.0 g/kg.   |
| Skin Contact:   | Causes skin and eye irritation  |
| Absorption:   | Estimated to be > 5.0 g/kg; practically non-toxic   |
| Inhalation:   | No hazard in normal industrial use. Likely to be moderately toxic based on animal data.   |
| Eye Contact:  | The material is likely to be moderately irritating to eyes based on animal data. Can cause moderate irritation, tearing and reddening, but not likely to permanently injure eye tissue. |
| Sensitization:  | Non-hazardous under Respiratory Sensitization category.No data available to indicate product or components may be a skin sensitizer.  |
| Mutagenicity:   | Mutagenic affects in humans may occur.  |
| Carcinogenicity:  | Contains a known human carcinogen.  |
| Reproductive toxicity   | Contains a substance that is a possible reproductive system hazard based<br>on animal studies at doses that could be encountered in the workplace.<br>Possible reproductive hazard.     |
| STOT-single exposure:   | Classification has been based on toxicological information of the components in Section 3.  |
| STOT-repeated exposure:   | Classification has been based on toxicological information of the components in Section 3.  |
| Aspiration hazard:  | Based on available data, the classification criteria are not met.   |
| Other information:  | None known.   |
|   |   |

### Numerical measures of toxicity (such as acute toxicity estimates):

| Chemical Name | LD50 Oral                 | LD50 Dermal               | LC50 Inhalation          |
|---------------|---------------------------|---------------------------|--------------------------|
| Biphenyl      | Oral LD50 Rat > 1900      | Dermal LD50 Rabbit > 2500 | Inhalation LC50 (4h)     |
| Вірпенуі      | mg/kg                     | mg/kg                     | Mouse > 0.275 mg/L       |
| Toluene       | Oral LD50 Rat 2600 mg/kg  | Dermal LD50 Rabbit 12000  | Inhalation LC50 (4h) Rat |
| Toluelle      | Oral LD50 Rat 2000 Hig/kg | mg/kg                     | 12.5 mg/L                |
| Ethylbenzene  | Oral LD50 Rat 3500 mg/kg  | Dermal LD50 Rabbit 15400  | Inhalation LC50 (4h) Rat |

#### 12. Ecological information

Ecotoxicity (aquatic and terrestrial, where available):

Moderate ecological hazard. This product may be dangerous to plants and/or wildlife.

Product identifier used on the label: MAG 1 TC-W3 2-CYC 3/1GL Stock Number: MAG60136 Revision Date: 12-11-2020 Replaces: 07-14-2020
